

<p>Developers and distributors of environmentally friendly products that are alternatives to plastic and help prevent waste.</p>	<h3>Description </h3> <p>EkoNest is an eco-product brand that develops and distributes environmentally friendly products for domestic & commercial use. The products are alternatives to plastic and help to prevent waste. Our purpose is to offer everyone better product choices with the aim of contributing to a clean and healthy planet.</p>
 <p>EkoNest Cyprus</p>	<h3>Business Model </h3> <p>EKoNest develops and distributes environmentally friendly products that are alternatives to plastic for domestic and commercial use in an effort to combat waste and plastic pollution. We aspire to be environmentally conscious and use sustainable principles in all aspects when designing our products - to work with the environment rather than simply consume its resources.</p>
<h3>Category</h3> <p>Manufacturing; Materials Innovation; Monitoring and Compliance</p>	<h3>Target </h3> <p>The EkoNest team is committed to eliminating single-use plastic waste and will be pushing to take the Plastic Free Certification to the next level. We will do this by researching how to create an online platform for a certification program. The program will be promoted to corporate companies and we will offer consultation, marketing services, as well as our eco-products as alternatives to single-use plastic products.</p>
